Client City of Sydney
Service Traffic Management and HVM

For over a decade we have been collaborating with and empowering our clients.

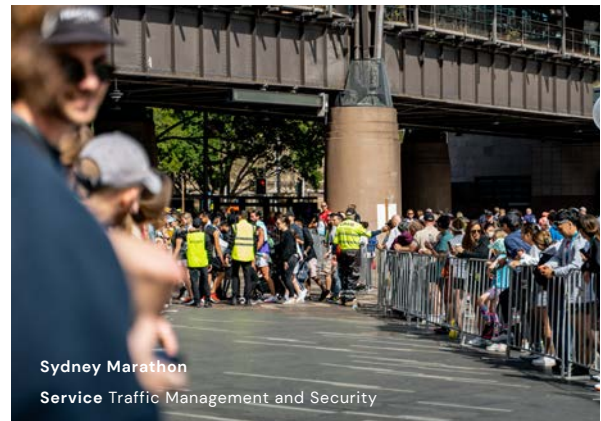

CATO has extensive experience working across diverse industries on a range of complex projects. We have a wide range of clients from Local and State Governments to Tier 1 Construction Projects and Blockbuster Feature Film Productions. We're a family business and value the personal relationships we have with our like-minded clients. We love problem-solving, and no project is too big or too small. We are a Climate Active Carbon Neutral certified organisation since 2021.

Why we're different.

From Tier 1 construction projects, to major Sydney NYE events and blockbuster feature film productions.

Our team is confident and experienced working on the Roads Network. We have managed every major road, tunnel and bridge in the CBD, at all hours, under all conditions, and in high-pressure situations.

Our background in the entertainment industry means we are agile and enterprising. Our focus is on delivering seamless, safe and sustainable support services for your project.

What we do

Traffic Management, Security and Safety

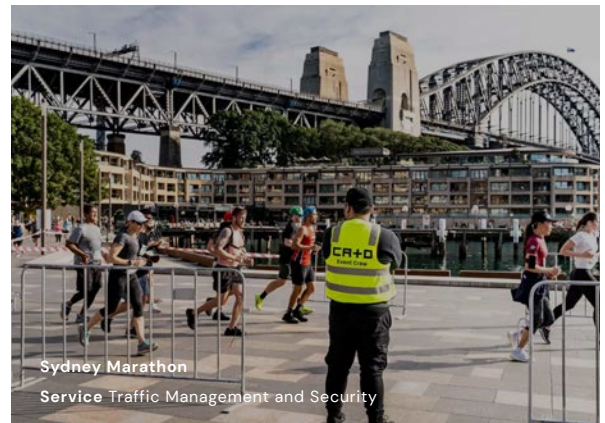

Client City of Sydney Council
Service Traffic Management and HVM

Traffic Management

The safety of your staff and the general public are our top priority.

Our licensed team of traffic controllers are experienced, professional, safety-oriented and friendly. With over a decade of knowledge and experience, we're natural problem-solvers.

We pride ourselves on our strong relationships with Local and State Governments, and our pre-approval for Local Government Procurement in New South Wales is a testament to our consistently high level of service.

What we do

Traffic Management, Security and Safety

Sydney Marathon
Service Traffic Management and Security

Security

We demand a premium level of service from our guards.

Our specially trained and experienced personnel are vigilant, dedicated and care about meeting our client's needs. We use purpose-built technology to track and monitor compliance-related matters, reducing the risk of liability.

CATO Group is your one stop shop for Security Systems giving you safety, security and visibility of your site operations.

Security Management & Consulting

Security Systems

Mobile CCTV

Roaming Patrols

Asset Protection

Access Management/ Gatekeeping

Uniformed/ Plain Clothed Guards

Hostile Vehicle Mitigation

Client City of Sydney Council
Service Traffic Management and HVM

Hostile Vehicle Mitigation

HVM is a safety precaution involving the implementation & coordination of protective, anti terrorism measures used to keep vehicles out of pedestrian areas where roads are closed, usually at large-scale events.
